*'Twas the night before Christmas, and all through the house,
Water was **flooding**, which **flushed out the mouse**,*

***Rates were negotiated**, for equipment and men,
Means and methods were agreed to before they could begin,*

***Action** was needed, and **speed** was the key,
To set up the **drying**, and leave it stain free,*

*Areas were segregated, **containment setup**,
Negative air equipment was **monitored** (without let-up),*

*Volumes were calculated, **dehumidifiers** were sized,
Wet vacuums were brought in, and area sanitized,*

***Relative Humidity and dew point**, are part of the "Art",
In filling out the details of a **psychrometric chart**,*

*Performance was **monitored**, and **costs** were held tight,
Merry Christmas to all and to all a good night.*
